## THE LEGISLATURE.

SENATE INDEFINITELY POSTPONES  
THE ELECTRIC RAILWAY BILL.

Expenses of the Navy—Sunday Band  
Concerts Proposed—Speaker Na-  
one Moves an Annexation  
Resolution.

THIRTY-SEVENTH DAY, JULY 27TH.

### THE SENATE.

President Wilder called the  
Senate to order at 10 o'clock this  
morning, all of the members being  
present except Senator Horner.

After prayer by the chaplain  
and the reading of the minutes  
the clerk read a communication  
from the House asking for a con-  
ference committee on Appropria-  
tion bill 8. On motion the presi-  
dent appointed Messrs. Water-  
house, Lyman and Baldwin as  
such committee.

A petition of 32 residents of  
Parker Lane was read asking for  
an appropriation of \$150 for ne-  
cessary repairs to said highway.  
Referred to the Minister of the  
Interior.

The Attorney-General stated  
that the President had signed  
Act 7, exempting canaigre, etc.,  
from taxation; Act 8, supplement-  
ary appropriations to the amount  
of \$8,300 and Act 9, relating to  
foot binding.

The Senate then took up the  
Electric Railway Bill and the  
report of the Special Committee  
thereon.

On motion of Senator McCand-  
less the further consideration of  
the bill was indefinitely post-  
poned.

The Joint Resolution proposed  
by the Committee that three per-  
sons be appointed as a Commis-  
sion to investigate and report on  
electric railways at the next ses-  
sion of the Senate was then  
adopted.

The bill to regulate appeals  
from the District to the Circuit  
Courts was then taken up on its  
second reading and ordered trans-  
lated and printed.

At 10:30 a. m. the Senate took a  
recess to 1:30 p. m.

### AFTERNOON SESSION.

Under suspension of the rules  
Senator Lyman introduced a bill  
amending Chapter 74 of the Com-  
piled Laws relating to the Ha-  
waiian Tramways Company. The  
bill authorizes the present cor-  
poration to use electricity as a  
motive power, providing the same  
is placed in actual operation by  
January 1st, 1897.

Senator Baldwin of the Special  
Committee on the Annexation  
Joint Resolution reported favor-  
ably. The report was unanimously  
adopted, which carried the  
adoption of the resolution.

A communication was received  
from the House stating that the  
bill relating to appeals from the  
District Court had passed.

The Printing Committee re-  
ported that the Acts relating to  
the importation of low grade ke-  
rosene, the acquisition of rights-  
of-way over the lands of others,  
the Labor Commission and the  
change in the currency were en-  
grossed and ready for third read-  
ing.

On motion the above bills were  
placed on the order of the day,  
and the Senate was occupied in  
their consideration when the BUL-  
LETIN reporter left.

### THE HOUSE.

The House is occupied with the  
Senate amendments to the Land  
Bill. Representative Winston oc-  
cupying the Speaker's chair.

### THE REPRESENTATIVES.

House met at 10 a. m.  
The following answer was re-  
ceived from S. M. Damon, Minis-  
ter of Finance:

"In answer to the questions of  
Representative G. E. Richards,  
member from the first district, in  
re the steamer Lehua, I have to  
state that the said steamer was  
chartered on May 9, 1895, at the  
rate of \$100 per week. The steam-  
er has been under the control of  
the Customs Bureau, working in  
connection with the department  
of the Attorney General, during  
her entire charter, never having  
been turned over to the Interior  
Department. The expenses con-  
nected therewith have been \$5,-  
929.69.

Mr. Rycroft submitted the fol-  
lowing joint resolution: "Be it  
resolved by the Senate and the  
House of Representatives that the  
Minister of Foreign Affairs be re-  
quested to order the government  
band to give concerts of appropri-  
ate music regularly on Sunday  
afternoons at such public places  
as may be convenient."

Mr. Kamaocho was afraid that  
if the band were allowed to play  
on Sunday, it would open a door  
to other innovations. A large  
portion of the community would  
be offended. The resolution should  
not be passed hastily, and he  
would move it be referred to the  
committee on education. If any  
considerable number of people  
was suffering for want of music on  
Sunday, the committee could as-  
certain the fact.

Mr. Rycroft said he had brought  
in this resolution for the benefit  
of the working man and his family.  
He wanted them to have the privi-  
lege of hearing at least one band  
concert a week. Young children  
could not be taken to the even-  
ing band concerts, because they  
would be kept out too late. He  
would not have all sorts of music  
played, nor have dancing allowed.  
Attendance at a band concert in  
the afternoon would make the  
workingman fitter to go to church  
Sunday evening. He knew of no  
safer place for a man to take his  
wife and children on Sunday than  
to one of the public parks.

Minister Smith was in favor of  
referring the matter to a commit-  
tee. This question had come be-  
fore the Legislature many times.  
Every man had a right to spend  
Sunday as he pleased, providing  
he did not interfere with the  
rights of others. The working-  
man ought to be the most jealous  
of any regarding Sunday as a day  
of rest. If some are required to  
work on that day, the rights of  
all would be endangered, for,  
when competition was keen, em-  
ployers might want their work-  
men to labor against their will.

There was a large class to whom  
band music in their ears on Sun-  
day would be an offense, and the  
rights of this class could not just-  
ly be ignored. A member had  
said that the church bells were  
rung on Sunday, but the sound of  
the church bells was not offensive.  
Yet, if they rang two hours stead-  
ily they would soon be stopped.

The resolution was referred to  
the education committee.

Minister Smith, on behalf of  
the Minister of the Interior, re-  
ported bills signed by the Presi-  
dent as follows: Act to encour-  
age the growth of canaigre, etc.;  
Act making supplementary appro-  
priations, \$8300; Act to prevent  
foot binding.

Mr. Robertson moved a substi-  
tute for the Senate's joint resolu-  
tion on a commission to consider  
the matter of registration of male  
inhabitants. Laid on the table  
to be considered in order.

A message from the Senate an-  
nounced that Senators Water-  
house, Lyman and Baldwin had  
been appointed to confer with a  
committee from the House on the  
appropriation bill.

Mr. Halualani moved a resolu-  
tion that, whereas, it is beyond  
question that Mary Kauhane has  
married again, no more payments

of settlement be made to her after  
August 1, 1895.

Minister Damon stated he had  
learned the woman was married  
and in good circumstances; there-  
fore he had given instructions to  
the Registrar of Public Accounts  
to cease paying her settlement.

The resolution was laid on the  
table.

Speaker Naone having called  
Vice Speaker Kamaocho to the  
chair, moved a resolution affirm-  
ing the desire of the Legislature  
to have the islands annexed to the  
United States. He moved the  
resolution be adopted.

Minister Smith thought the  
resolution should be referred to  
the committee on foreign relations.  
There was no question about the  
position of the Government and  
Legislature on the question. An-  
nexation was the policy of the  
Provisional Government, which  
had been placed in the constitu-  
tion of the republic, yet the word-  
ing of the resolution might re-  
quire some consideration.

Mr. Naone wanted the resolu-  
tion passed forthwith, unless the  
committee should engage to give  
prompt attention. Mr. Castle was  
going away this week to take the  
position of Minister at Washing-  
ton, and it was important that he  
should carry with him the unmis-  
takable authority of the Legisla-  
ture to negotiate a treaty of an-  
nexation.

Minister Damon thought it was  
important that zeal should not  
outrun discretion. The impe-  
tusiveness with which annexation  
was pressed at Washington in  
January, 1893, served its purpose  
for the time, in giving the ques-  
tion a standing in the United  
States. The movement from which  
that annexation mission sprung  
had become established, and the  
Government realized that it was  
all-important that its object  
should become completely suc-  
cessful. This Legislature should  
give an unmistakable expression  
of the policy of the republic in  
regard to the question. The re-  
solution should be carefully con-  
sidered by the committee before  
its passage.

The motion to refer carried.  
The House went into committee  
of the whole, Mr. Winston in the  
chair, to consider the Senate  
amendments to the Land bill.

Mr. Robertson pointed out a  
repetition of phrase in section 2,  
but let go when the Attorney  
General said it might do no harm  
and prevent ambiguity.

Mr. Robertson moved that sec-  
tion 6, relating to the appointment  
of the Commission, be not con-  
curred in. Carried.

Minister Smith moved that sec-  
tion 7, relating to division of dis-  
tricts, be not concurred in. It  
was the opinion of the House  
that the island of Hawaii should  
be divided into three districts,  
while the Senate had made it a  
single district. It should go to a  
conference. Carried.

Minister Smith, on amendments  
to section 16, relating to sale of  
lands not under lease, thought  
more latitude should be given to  
the Commissioners in the placing  
of conditions in the agreement.

Mr. McBryde moved an amend-  
ment in accordance with the At-  
torney General's remarks.

Mr. Robertson believed he vot-  
ed for what the Senate had struck  
out, but now he thought the sec-  
tion as amended would permit any  
reasonable condition.

Mr. McBryde moved to strike  
out "a majority of" before "the  
Executive Council."

Both motions carried.  
Sections 20, 21, 22 and 23 had  
been stricken out by the Senate.  
Minister Smith explained what  
they were and recapitulated the  
arguments for and against them.  
Recess from 12 to 1:30.
